imageWARE Document Manager Personal VERSION 4.1

Empower Your Personal Workplace Productivity

imageWARE Document Manager Personal is Canon's desktop solution to enable effective management of your critical business documents. With imageWARE Document Manager Personal, you can archive, edit, retrieve, and distribute a broad variety of documents—from scanned documents to electronic files—right at your desktop.

Features

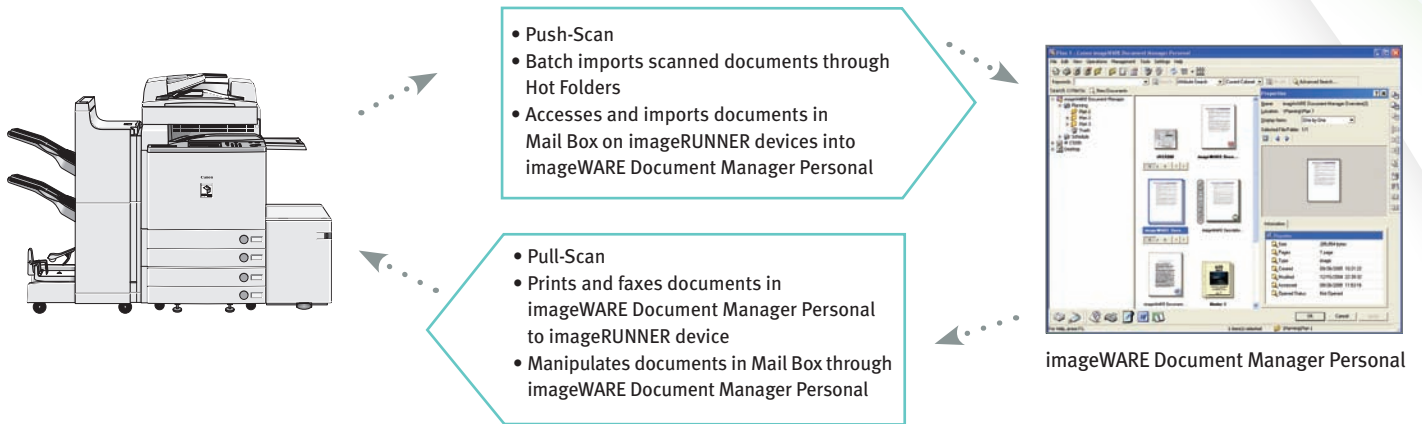

- Imports scanned documents directly from TWAIN- or ISIS® compatible devices
- Batch imports scanned document to up to five different locations
- Centrally archives and organizes electronic files
- Applies annotation to image files
- Allows viewing of over 250 file formats without the need of original applications
- Opens files through viewer faster than through native applications
- Searches and retrieves documents
- Creates logical documents with the Binder tool
- Converts Windows® application files to PDF files with password protection
- Converts application files/Web pages/e-mails to image files
- Converts image files to text files
- Integrates with Windows
- Integrates with imageRUNNER® device Mail Box
- Provides built-in delivery option to print, fax, and e-mail via one-touch operation

Integration with Canon hardware devices

Integrate Paper Documents into Digital Workflow Easily and Efficiently

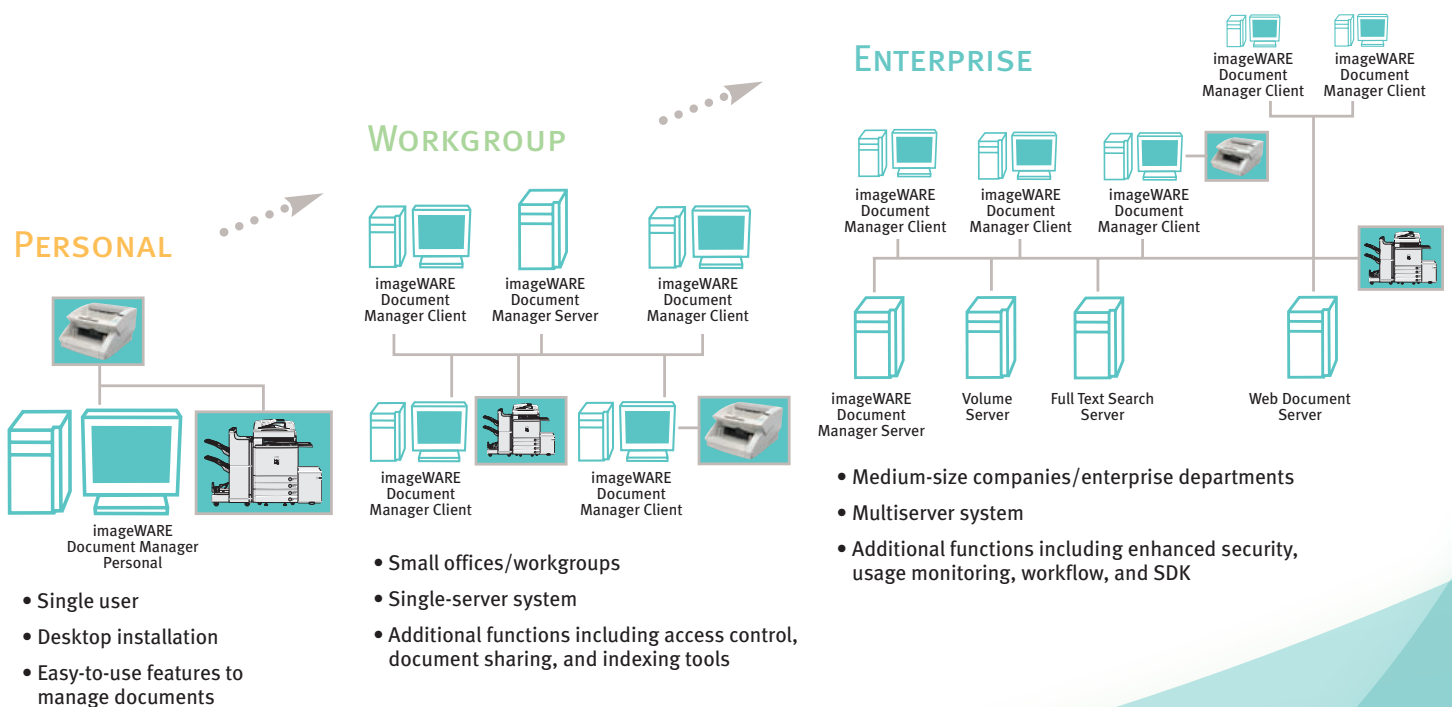

imageWARE Document Manager Personal works seamlessly with Canon's imageRUNNER Series devices and the DR-Series Scanner devices to capture scanned documents. You can build a highly functional document management system through the combined functionalities of Canon's hardware and software.

Grow with your business needs

imageWARE Document Manager Personal provides an easy-to-migrate path to accommodate your needs as your business evolves. Both upgrade options, Workgroup Edition and Enterprise Edition, provide larger capacity and more robust management features to help empower you to manage your vital business information effectively, securely, and cost-effectively. Make the smart decision—protect your investment with an expandable solution to your future needs.

Benefits

- Increases office efficiency and productivity
- Manages all formats of documents from all sources in a central electronic repository
- Streamlines document workflow
- Provides paperless environment for sensitive information and cost-savings
- Empowers the capacity to protect and back up critical business records
- Integrates seamlessly with imageRUNNER devices and DR-Series Scanners
- Offers scalable solution to meet evolving business needs
