Powerful performance for business-class faxing

A robust fax system with optional laser printing that enhances productivity in large workgroups and small departments

your document management partner

FEATURES

Choose the Lanier LF311 Multifunction Facsimile system to improve productivity and document quality in large workgroups and small departments. This versatile, easy-to-use solution delivers business-class faxing and optional laser printing in a compact, space-saving footprint. It features powerful 6MB standard memory, PIN-code security transmission, and an extra-large paper capacity. Plus, it includes 30 quick- and 100 speed-dials for fast and easy user control. With these capabilities — and its exceptional overall reliability — the LF311 offers superior overall value for mid-volume office environments.

High-performance fax functionality

- Prints incoming faxes at 15 pages per minute
- 6MB internal memory stores up to 480 pages
- PIN-code security transmission hides long-distance access code and call accounting codes on recipient's fax and activity reports
- 33.6 kbps G3 modem minimizes long-distance costs

Exceptional workgroup productivity

- 850-sheet paper capacity minimizes reloading and enhances efficiency
- Dual access, 30 quick-dials, and 100 speed-dial locations improve productivity
- Separate supplies help reduce total cost of ownership

Advanced communications technology

- Select the print module for multifunction faxing and printing
- Memory upgrade stores up to 1,500 pages for overnight reception and delayed transmission

Powerful optional printing

- Print module delivers 15 pages per minute at 600 dpi
- Includes advanced PCL6 printing and PostScript Level 2 emulation
- Enables optional network printing in PC or Macintosh environments
